

Age Suitability

Glitché is suitable for users of all ages (4+).

Glitché is a standalone creative photo and video editing app focused on digital art and visual effects. The app does not contain or promote inappropriate content.

Content overview

- Abstract and artistic visual effects
- Photo and video editing tools
- No realistic depictions of violence, sexuality, or harmful behavior
- No horror, gambling, or mature themes

User interaction

- No chat, messaging, or social networking features
- No interaction with other users
- No user-generated content shared between users

Data and privacy

- Glitché does not collect any personal or device data
- No analytics, tracking, or profiling
- No advertising, including ads targeted at children
- No third-party data sharing

Glitché is designed as an offline-first creative tool and is safe for general audiences.
